Tisser
hand to heart

Tisser India is an independent, not-for-profit Trust, registered in India with a strong focus on social responsibility. We are driven by our passion to ensure inclusive and sustainable growth amongst communities by maximizing the social impact of corporate investment. Our projects are primarily focused on sustainable livelihood, vocational skills, environmental sustainability, and healthcare.

Sustainable Corporate Gifting

Corporate gifting is one of the most tangible ways to create positive associations with a person or a brand and when this practice is able to generate a chain reaction of positive impacts, from the receiver of the gifts to the people who actually handcrafted them, this tradition becomes more meaningful & powerful.

With the purpose to uplift our crafts and help corporates progress onto a sustainable gifting journey, Tisser India's inhouse design team has closely worked with the crafts people across the country to create a range of high-end, hand-crafted Indian products, with the promise of ethically sourced and environmentally responsible creations.

Each product is hand-crafted with utmost care to maintain high standards of quality and finish. Every product made by an artisan nudges opportunity for atleast 4 families in the vicinity thereby creating a vibrancy in the local community.

All our products come with equally innovative packaging with ample provision for corporate branding.

Pinki Devi

*from Keswamau village,
Sitapur*

Training received from Tisser India helped us learn new techniques and patterns. The money earned from selling our products helps us in our household expenses and my kids are able to study because of this income.

We really look forward to working on more such orders.

WALL MOUNTS

Shyamali Soren

*from Rona village, West
Midnapore*

I have studied till class 10th but couldn't continue with my studies as I got married according to our customs. I have been associated with the Medinipur Mat Craft since 2016 and at present I am the chief promoter of this society. It gives me immense pleasure to be able to work and contribute in supporting my family financially and to be able to provide for my childrens education.

This craft has provided me with the much needed financial independence and I am always willing to work hard to support my family.

Surendri Devi
*from Ratanpur village,
Uttarakhand*

I learnt basketry from my ancestors as this art is practised in our community from generations. With the help of Tisser India trainers I was able to enhance my skills further as I got to learn new designs and techniques which are needed to sell our products in the urban market.

Because of this I was able to sell a lot of my handmade products in different exhibitions that helped me pay for my childrens education.

BASKETS

Green Gifting Range for Partners

Add a touch of nature to your decor with our handwoven baskets that are the most versatile decorative items bringing to life any corner or section where they are placed, be it your office or home. With a wide range, from picnic baskets, planter baskets, centre pieces and storage baskets, you will definitely want to make a collection of your own. Keep things organised around your space with a touch of elegance.

Asha
from Noida

Originally from Bihar, I got married at an early age of 17 and moved to Noida. After having two kids, I never got a chance to move out of the house as the kids kept me busy. Although I had learnt crochet from my grandmother but with the help of Tisser India trainers I learnt new designs.

I am now a master trainer myself and whatever money I earn from selling my products, helps towards a better livelihood for my family.
