HAMPERS

There is something special about handmade products – each piece is unique and tells a story. Each weave, each technique carries a rich legacy of culture, region, tradition – that has been passed on from one generation to the next. Preserving diverse local art forms and encouraging artisans is our collective responsibility.

Tisser's aim is to empower grassroots artisans across India and create a sustainable platform, especially for women artisans to earn their livelihood and gain economic independence.

The closer we get to the craft, the prouder we feel of India's rich history, and the story each craft conveys. We have thoroughly enjoyed doing our bit to conserve India's beautiful art forms and weaving it together in the form of this book. We hope you enjoy flipping through it too, while we continue our quest to empower our artisans further and infuse Indian handloom and handicrafts into every day living!
