WOMEN ARTISANS SKILL ENHANCEMENT PROJECT

About:

The 'Women Artisan Skill Enhancement Project' is a skill development programme for women belonging to marginal communities in Mumbai and Thane, Maharashtra. The Project is funded by United Nations Development Programme (UNDP) - India and implemented by Tisser India.

The project has been implemented by establishing a foothold in marginalized communities of Aarey Colony, Sanjay Gandhi National Park and Thane with Trainings in Terracotta, Warli and Clay Art. We focus heavily on up-skilling women in Warli Art by providing intensive Warli training sessions and providing the necessary platforms to showcase their work in order to generate sales of the products, so as to create a sustainable eco-system for skilling these women artisans.

वारली WARLI

Warli painting is a style of tribal art mostly created by the tribal people from the North Sahyadri Range in India which encompasses the Palghar district. This tribal art was originated in Maharashtra where it is still practiced today. Our clusters in Aarey Colony and Mumbai have been trained to use Warli art on contemporary products.
