G U L J A R Table Vase

Gul-Jar is a lovely wooden vase for indoor use. This table top product has a glass test tube and can be used either as a flower vase or as a planter to grow any water growing plants that take root in water. Fill the glass test tube provided with water and dip your flower stalks or allow your plant to grow in it. Suitable plants- Money Plant, Wandering Zebrina, Lucky Bamboo etc that grow by taking root in water. This Gift & Home decor item is made by artisans from Channapatna in south India using a traditional lacware handicraft technique. Natural materials, dyes and Non toxic colours and finishes are used in making this product.

NOTE: Flowers/ plant shown in the picture are only for representation and are not included with the product.

IMPORTANT: Protect the wooden vase from getting wet.

DO NOT pour water directly into the wooden vase.
